A programme providing after-school tutorial & care support for children whose parents are employed at HKIA

Introduction

EduCare is a programme subsidized by Airport Authority Hong Kong and implemented by Playtao Education. Apart from providing after-school tutorials to students (P1 - P.6) whose parents are employed at Hong Kong International Airport ("HKIA"), the programme also aims to look after students' all-round development and family needs which could help in boosting students' self-confidence, relieving the burden of parents in taking care of children and establishing healthier family relationships.

Target Group

P1 - P.6 students from any one of the designated primary schools in Tung Chung (whose parents/legal guardians must be in employment with a company located/providing service at HKIA)

Programme Features

- After-school tutorial support for students
- Exposure programmes to broaden the horizon of students
- Workshops for parents on parenting skills

Fee

\$10 per day

Application Method

Applicants could visit EduCare's website for further details of the Programme and the Programme Application Form.
